European and international alcohol and drug statistics on the Internet

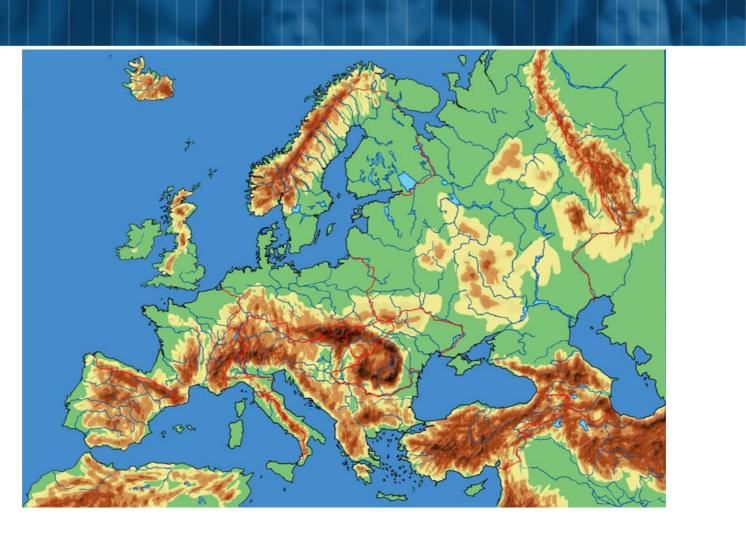

Claes Olsson, The Swedish Council for Information on Alcohol and Other Drugs

Informations- och kommunikationsteknik

Eurostat (consuming habits – alcohol etc.) EMCDDA (narcotic drugs)

European statistics - some characteristics

- Huge amount of information
- Sometimes complicated to reach
- •Simultaneous publishing online and print
- •Data from the same sources is published by many different institutions
- Sometimes commercial products with very high prices
- Official statistics safe and reliable or...
